	1) Strong objection to any development on the plateau, private forest, & No2 areas is and around gambhara, daum, scattered demands & surrounding areas villages	Scattered Practice गुल बंगुपुस				For No. 6(B) Application received from villagers of Gambhara daum, daum has been placed in the gram sabha. The gram sabha members stated their strong and united objection to any form of development, land conversion, road construction, compound wall erection on government/private project proposed in the natural hill cover, plateau, private forest and no development areas that might affect their villages. Ecological importance of the plateau & forest - Our villages are situated along the banks of the monsoon watersheds, and above them lies an expansive stretch of private forest and plateau covering lots of square meters. This land is a critical ecological asset that serves as a natural water tank, storing semi perennial and gradually releasing it to feed our springs, wells and lakes throughout the year. 2. A clean air buffer zone, providing breathable air to surrounding villages such as daum do daum, gambhara, daum, daum, daum & daum. 3. A grazing ground for local livestock. 4. A natural pharmacy, with unique plant species that flourish during the monsoon including those plants known to control flies & cause disease vector like dengue & malaria.
